[MDLBEAST]

Dear ,

I am writing to express my strong interest in the **Senior Software Engineer / Project Manager** role at **MDLBEAST** .With over a decade of experience delivering high-profile **digital transformation, geospatial, and AI/ML projects** across Egypt and Saudi Arabia, I bring a unique combination of **technical expertise, project leadership, and strategic vision** that aligns with your organization's mission.

In my current role as a **Senior Software Engineer at GeoMakani (Saudi Arabia)**, I lead national-level smart city and geospatial initiatives, ensuring compliance with governmental standards while driving innovation through advanced spatial data infrastructure and AI-powered automation. Previously, I managed the **National Spatial Data Infrastructure (NSDI) Portal in Egypt**, delivering a unified platform that streamlined geospatial governance across multiple agencies. These experiences have honed my ability to **bridge the gap between technical solutions and government objectives**, ensuring both operational excellence and strategic impact.

Highlights of my expertise include:

- **Full-stack development** using Python, Django, Flask, Odoo, and modern JavaScript frameworks.
- **Advanced GIS solutions** with ArcGIS, QGIS, OpenLayers, Leaflet, and database management (PostgreSQL/PostGIS, Oracle, MSSQL Server).
- **AI/ML integration** for geospatial applications, including deep learning models for real-time object detection and urban planning automation.
- Proven leadership in managing **cross-functional teams and multi-stakeholder projects**, ensuring timely delivery, compliance, and measurable outcomes.

I am particularly drawn to **MDLBEAST** because of your commitment to Software Projects , smart city projects, GIS solutions, AI adoption, etc. I am confident that my technical foundation, combined with my project management and stakeholder engagement skills, will allow me to contribute meaningfully to your team's success.

I would welcome the opportunity to discuss how my background and passion for **geospatial intelligence and digital transformation** can support **MDLBEAST's goals**. Thank you for considering my application.

Sincerely,

Ahmed Shehta Ahmed
